OUR HISTORY

Pars Sadra Fanavar Company is a Commercial Production Company that legally started working in 2007 based on official licenses and related certificates. This company has taken an effective step in improving the health of society by first importing quality raw materials and providing them to the market and then supplying equipment in the field of cosmetic and health products. Since then, Pars Sadra Fanavar Co. has grown using committed and creative human resources with regard to consumer rights and professional business ethics.

Pars Sadra Fanavar Co. is an innovative company in the field of importing basic materials, cosmetics and health-care, packaging and distribution of products, and setting up cosmetic and health production lines. It is clear that the target of this group is to improve the level of health and hygiene of society in accordance with the approved standards of the day, along with competitive quality.

Therefore, we decided to supply the market with modern knowledge, expert forces, and a systematic structure using high-quality raw materials, which are almost manufactured in Europe, and advanced formulations of our new brand, "Eudora".

EUDORA' S STORY

The soul appears in the form of the body, and the body is surrounded by the skin, like a house, "Eudora" is a woman who knows the secret of keeping the safety of this soft house. She masterfully fights against "time" and knows the techniques of defeating the passage of time.

Simultaneously with the inevitable passage of days, as much as her strength and intelligence increases, so does her freshness and beauty. The reflection of her face is perfect as a mirror. Eudora is the most creative creation of God and a perfect example of femininity. It seems she even knows to deceive nature.

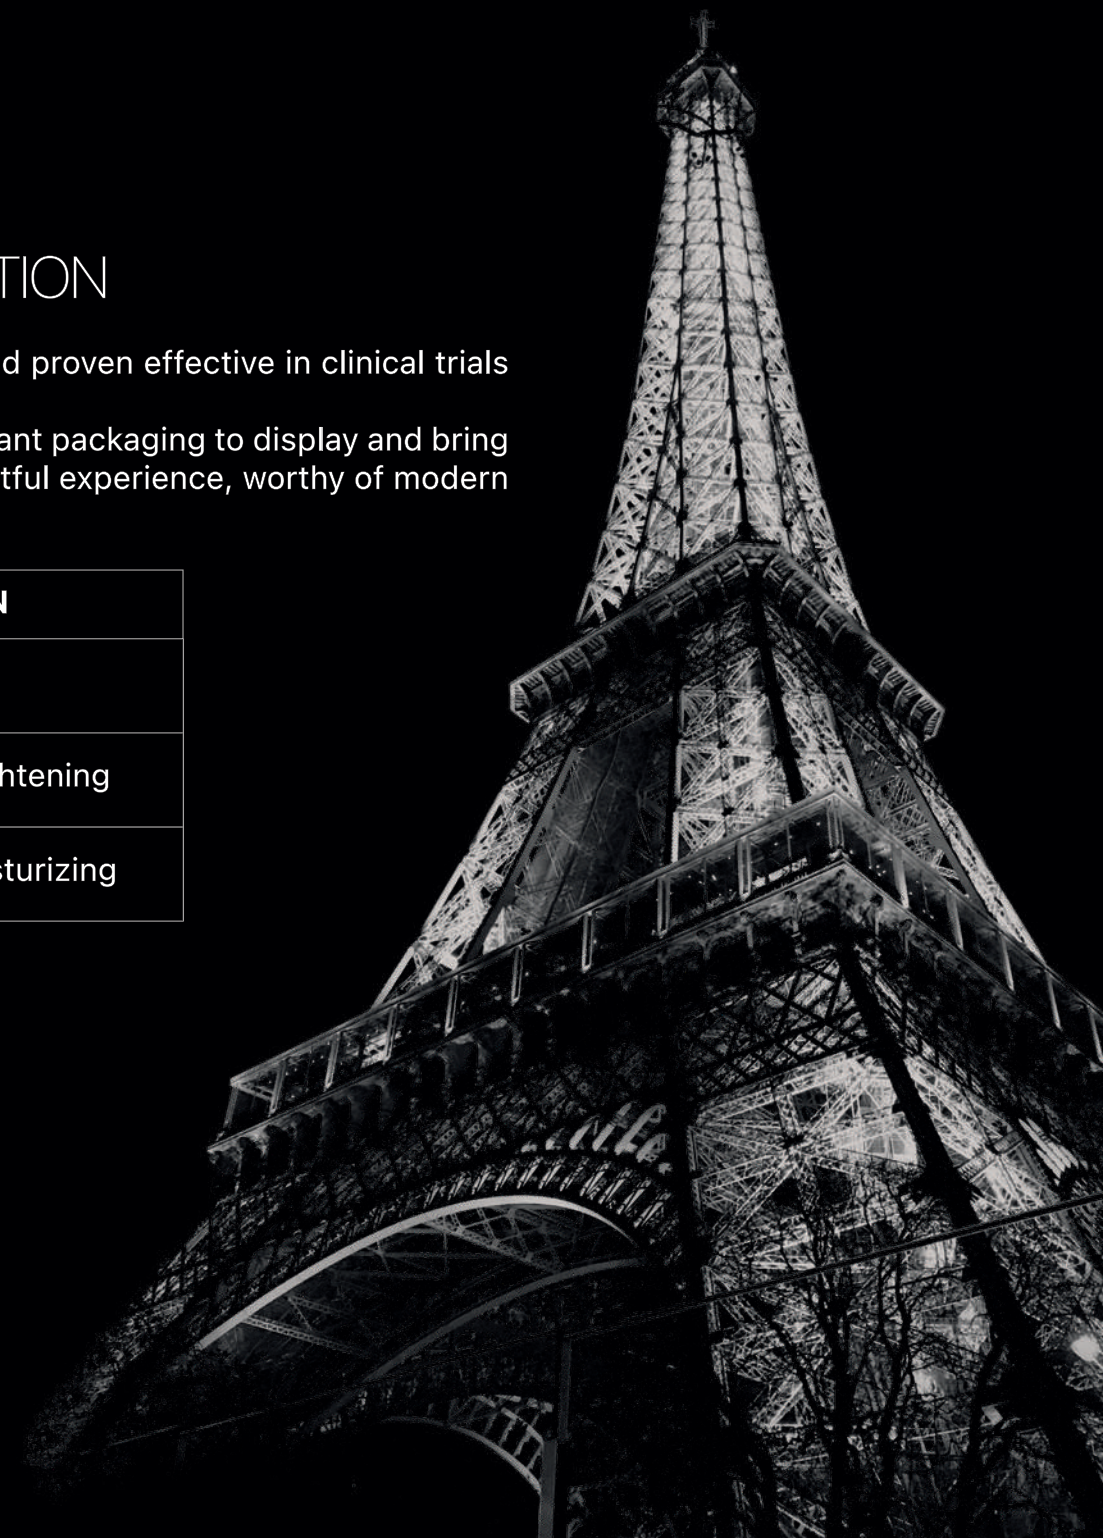

PRINCIPLES OF EUDORA FORMULATION

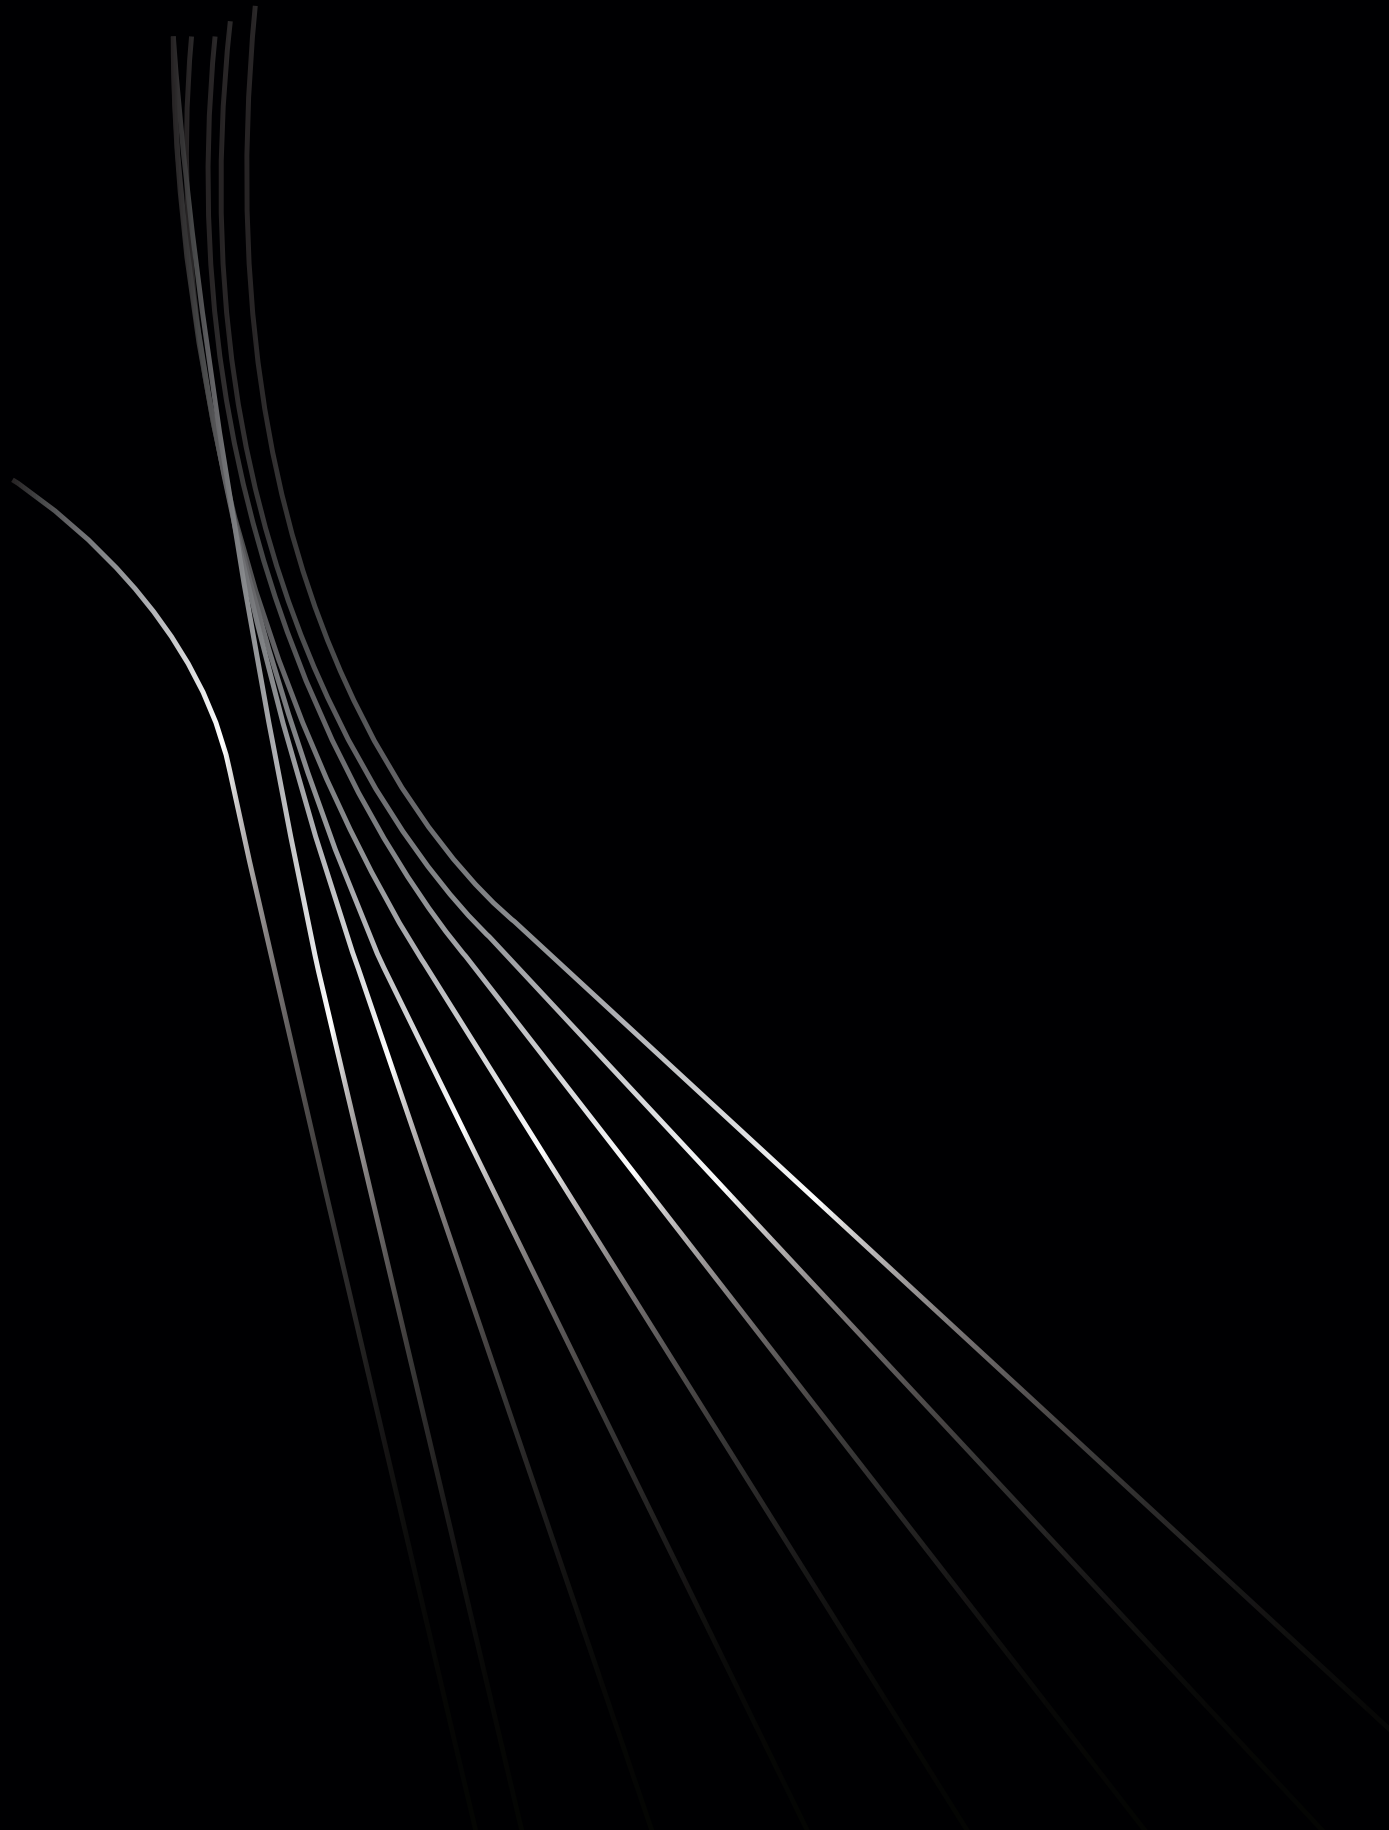

The most impactful compounds that have been tested and proven effective in clinical trials and studies are presented in delicate textures.

Eudora's line of products is wrapped in exquisite and elegant packaging to display and bring forth beauty and quality, all bundled up to deliver a delightful experience, worthy of modern Iranian woman today.
